Operations in sterling again dominated the foreign exchange market, demand bills rose to \$4.68 3/4 during the morning but fell back to 4.63 5-8 in the late afternoon. Latest unofficial reports ascribed recent buying as being for the account of the British government. Dutch guilders touched parity, 40.20 cents each, for the first time since May 1921, and the Yokohama rate established a new high for the year at 49.05. French Belgian and Italian exchanges improved slightly.

## Negro Taken From Officers, Lynched

PERRY, Fla., Dec. 12.—The second of two negroes arrested Friday in connection with the murder of Miss Ruby Hendry school teacher, the previous Saturday was lynched last night when Arthur Young was taken from the officers as they were attempting to transfer him to another jail.

Charlie Wright was burned at the stake Friday night after a mob of several thousand men had taken him from the officers as they brought the two negroes into town.

The lynching took place near here on the highway leading to Madison and did not become generally known until today.

## STOCK MARKET

(By The Associated Press)

NEW YORK, Dec. 13.—Stock prices continued their rise to higher ground in today's market stimulus for the expanded buying being given by a continuance of the low money rates, additional stock and extra dividends and another sharp rise in sterling exchange, most of which, however, was cancelled later. Shares subject to pool operations and possessing extra dividend possibilities again received the most attention.

One of the surprises of the session was the decision of the directors of the New York Central railroad not to increase the regular \$5 dividend rate. Speculative interests had anticipated an increase to a \$6 or \$7 basis and their disappointment was reflected in a sharp drop in that stock which touched 93 1/8 as against Tuesday's high of 95 5/8. Today's closing quotation of 93 5/8 representing a net loss of 1 7/8.

Other rails declined in sympathy but recovered in response to the fresh buying during the afternoon. Closing prices were generally higher, with most of the gains limited to fractions. However, Jersey Central advanced seven points on a small turnover and Northern Pacific rose 2 1/2.

Some excellent gains were made by a number of the speculative favorites, notably by Baldwin, which touched 128 1/2, and closed at 127 1/2, a net gain of 3 points.

Fisher Body, which has established new high records almost daily for the last week, crossed the 200 mark but fell later to 196 1/2, up 5 1/2 points on the day. General Baking

company rose 7 points on declaration of a 200 per cent stock dividend. Additional short covering in Piggy Wiggy sent that stock up to a new year's high as 55 3/8.

Some of the other strong spots were American Can, Cluette-Peabody, Cuban-American Sugar preferred, Elkhorn Coal, Mexican Petroleum, Span-American A and B, Pressed Steel Car, United Retail Stores, and Willis Overland preferred the gains ranging from 2 to 7 points.

General Asphalt broke nearly 4 points on the announcement by President Sewall that a new agreement had been made with the Royal Dutch Shell group whereby instead of a one fourth interest in future surplus profits of the Venezuelan Oil enterprise the company will realize at once through receipt of a royalty of 1.8 of the crude oil production there from commencing January 1, 1923. Royal Dutch suffered a net loss of nearly 2 points on publication of cable dispatches stating that the interim dividend had been reduced from 15 to 10 per cent on shares traded abroad. Woolworth broke more than five points in response to the director's action in approving the appropriation of \$20,000, 000 from the profit and loss account to be applied to the reduction of "good will" which is carried at \$50,000,000. Day's total sales, were \$56,000 shares.

Call money opened at four per cent, eased off to 3 1/2 and then advanced to four again before the close. Time money continued firm at 5 per cent for the longer maturities and 4 1/2 per cent for the 30 day period. Little new commercial paper is coming into the market although there is a fairly good demand with prime names still commanding
